NOVACEL SOLUTIONS
FOR DECORATIVE LAMINATES

You make it perfect, We keep it that way.

Understand your market

• New surfaces or finishes

Preserve your surface in total safety

Solutions adapted to:
• All types of decorative laminates:
  • High Pressure Laminates,
  • Melamine Suraced Chipboards,
  • Compacts
• The variety of structures of your surfaces (smooth or structured, high gloss or matt) including lacquered surfaces
• Your constraints in terms of processes (bonding with temperature, post-forming, cutting, sawing, routing, drilling), handling and conveying, storage and transport

Reliable and trouble-free solutions:
• Stable adhesion
• Clear transparent films to see decorative laminates through
• High temperature resistant films for post-forming
• Printable with superior scratch-resistant option
• Thin robust films
• High lengths
• Easy removal without tearing

NOVACEL preserves the quality and perfect finish of your decorative laminates without leaving residues, stains or marking once the film is removed.

With NOVACEL, personalise your products by printing the film with your logo, brand name, advertising or technical messages.
## NOVACEL SOLUTIONS

(1) Available in other thicknesses and colours. Some of our films have been designed for external use. Most of our protective films can be printed in 1 or 2 colours (please contact us).

✓ Suggested uses, subject to the client’s performing complete tests prior to use taking into account the material on which the protective film will actually be used, the condition of its surface, the mechanical and thermal working stresses, as well as the real duration and aging properties required. Please contact us for more information about printed films.

Note: the information and general characteristics provided on this sheet are given in good faith. They must only be used as a guide. You are reminded that NOVACEL expressly recommends its customers always to carry out a full test before using a selected product. In particular, this test must take into account the type of material on which the product will actually be used, its surface condition, work constraints and also the actual duration and various conditions of ageing required by the customer. Furthermore, NOVACEL can in no way be held responsible for incorrect use of the products sold or the consequences of their being used for other purposes than those for which they are ordinarily intended.
